Dear Mark:

This letter will serve to memorialize our telephone conversation this date. As I indicated, in order to avoid the issuance of a subpoena to Julie Ford, I indicated to you that I am willing to stipulate to the authenticity of her letter to the EEOC/Helen Glutz regarding this matter but that I would prefer to leave the issue of the admissibility to the court.

Please contact me if you decide this arrangement is agreeable to you.

Karl E. Williamson
